

Attractions Guide – Yueyang

Yueyang Pavilion

Located at the west gate of Yueyang, Yueyang Pavilion is known as one of the three great towers of Jiangnan region alongside the Pavilion of Prince Teng and Yellow Crane Tower. The main tower is 21.35 metres high with three floors. The whole building is only supported by four large wood pillars without a single nail or crossbeam. Another feature of the pavilion is the shape of the roof resembling the helmet of captain general.
